TOURS & SAFARIS CAR HIRE

3. SERVAL WILDLIFE & CHEMKA HOTSPRING

Visiting Serval wildlife, will be a different experience, not only you will get chance to see different animals but you get chance to feed them and take beautiful photos around them. We will take an hour to two hours then move out from the park, then transfer to Chemka hot spring.

For the hour long drive to the Chemka Hot Springs to spend the full day. The road is very bumpy and windy, so hang on! During the drive, don't forget to enjoy the wonderful scenery and authentic Tanzanian life as it unfolds along the road. When we arrive, you're free to be you. Linger at the edge of the springs, taking in the blue, blue waters and the lush green of the surrounding forest. Take a leisurely swim (don't forget that the waters are very warm, so you won't feel like an Olympic sprint) or float in a world that's all your own, listening to the water lapping and the birds overhead. If you're feeling adventurous, feel free to play on the rope swing. The pond can be very deep, in some places up to 10 meters, but the water is so clear that you can see right to the bottom. We shall have a break to lunch then proceed with the enjoyment up to evening time get back to Arusha and drop everyone at their dropping points.
