

WONDERLAND
TOURS & SAFARIS CAR HIRE

1. TARANGIRE NATIONAL PARK DAY TRIP

Tarangire National Park It is commonly said that Tarangire is one of the best parks in Africa for birdwatchers. If you are a bird-watching enthusiast, then going on a Tarangire safari is a must on your Tanzania safari program. The extraordinary concentration of birdlife has made this place world-renowned among ornithologists.

What to expect:

- Tarangire National Park is a national park in Tanzania's Manyara Region. The name of the park originates from the Tarangire River that crosses the park. The Tarangire River is the primary source of fresh water for wild animals in the Tarangire Ecosystem during the annual dry season. The Tarangire Ecosystem is defined by the long-distance migration of wildebeest and zebras. During the dry season thousands of animals concentrate in Tarangire National Park from the surrounding wet-season dispersal and calving areas. The landscape is composed of granitic ridges, river valley, and swamps.
